“Acho que está na hora de **contribuir**”

This screenshot shows the GitHub repository page for **angular / angular.js**. The repository is described as "HTML enhanced for web apps" with a link to <http://angularjs.org>. It has 6,990 commits, 20 branches, 146 releases, and 1,302 contributors. The repository is being viewed on the **master** branch.

The commit history table shows the following entries:

| Commit Message | Author | Time Ago |
|--|---------|---------------|
| docs(ngAnimate): fix typo | Narretz | 2 days ago |
| perf(benchmark): add ngmodel benchmarks to targetable-bp | | 5 months ago |
| fix(ngAnimate): rename `ng-animate-anchor` to `ng-anchor` | | 4 months ago |
| docs(tutorial): fix test issue | | 8 days ago |
| chore(i18n): update closure library | | a month ago |
| docs(logo): change logo to vector format in .eps file | | 2 years ago |
| perf(\$q): small \$q performance optimization | | 11 days ago |
| creating logs/ and tmp/ dirs | | 5 years ago |
| chore(bower): (un)publish angular-message-format | | 4 months ago |
| docs(ngAnimate): fix typo | | 2 days ago |
| fix(ngAnimate): only buffer rAF requests within the animation runners | | 3 days ago |
| chore(.editorconfig): remove settings for ngLocale after change to sc... | | 10 months ago |
| chore(*): add .gitattributes with new lines configuration | | 8 months ago |

The sidebar on the right contains the following links and buttons:

- Code** (selected)

“Acho que está na hora de **contribuir**”

The screenshot displays the GitHub interface for the `angular / angular.js` repository. At the top, there's a search bar and navigation links for Pull requests, Issues, and Gist. The repository name is prominently displayed, along with statistics: 3,884 Watchers, 41,859 Stars, and 18,483 Forks. A tooltip for the Fork button reads "Fork your own copy of angular".

Below the repository header, a description states "HTML enhanced for web apps" with a link to <http://angularjs.org>. A summary bar indicates 6,990 commits, 20 branches, 146 releases, and 1,302 contributors.

The main section shows the current branch as `master` and lists recent commits. The most recent commit, titled "docs(ngAnimate): fix typo", was authored by Narretz 2 days ago. Below this, a table lists various files and folders with their corresponding commit messages and timestamps:

| File/Folder | Commit Message | Time Ago |
|---------------|--|---------------|
| benchmarks | perf(benchmark): add ngmodel benchmarks to targetable-bp | 5 months ago |
| css | fix(ngAnimate): rename `ng-animate-anchor` to `ng-anchor` | 4 months ago |
| docs | docs(tutorial): fix test issue | 8 days ago |
| i18n | chore(i18n): update closure library | a month ago |
| images | docs(logo): change logo to vector format in .eps file | 2 years ago |
| lib | perf(\$q): small \$q performance optimization | 11 days ago |
| logs | creating logs/ and tmp/ dirs | 5 years ago |
| scripts | chore(bower): (un)publish angular-message-format | 4 months ago |
| src | docs(ngAnimate): fix typo | 2 days ago |
| test | fix(ngAnimate): only buffer rAF requests within the animation runners | 3 days ago |
| .editorconfig | chore(.editorconfig): remove settings for ngLocale after change to sc... | 10 months ago |
| gitattributes | chore(*): add .gitattributes with new lines configuration | 8 months ago |

On the right side, there are links for Code, Issues (956), Pull requests (323), Wiki, Pulse, and Graphs. At the bottom right, the SSH clone URL is provided as `git@github.com:ang`, along with buttons for "Clone in Desktop" and "Download ZIP". A note mentions that the repository can also be cloned using HTTPS, SSH, or Subversion.
